

Your Assessment and Property Taxes

Last fall all landowners received their Property Assessment Notice in the mail. This notice was comprised of 2 documents:

1. Property Assessment Notice for the 2013-2016 property tax years (a single sheet)
2. MPAC Important Information About Your Property Assessment Notice (a 4 page fold out sheet)

Please read these 2 documents carefully. If you disagree with your assessment, the process to have the value reviewed is clearly laid out.

The **deadline** to apply for this review is **April 1, 2013**. (think March 30!)

Using your Property Assessment Notice, the information to register online is in the lower right hand corner (your roll number and access key).

You can go to this link <https://www.aboutmyproperty.ca/> and click on "First Time User Register Now".

This will open another page where you can enter your roll number and access key to begin the process of creating a Request for Reconsideration.

Sincerely,

Chip Kittredge

President
