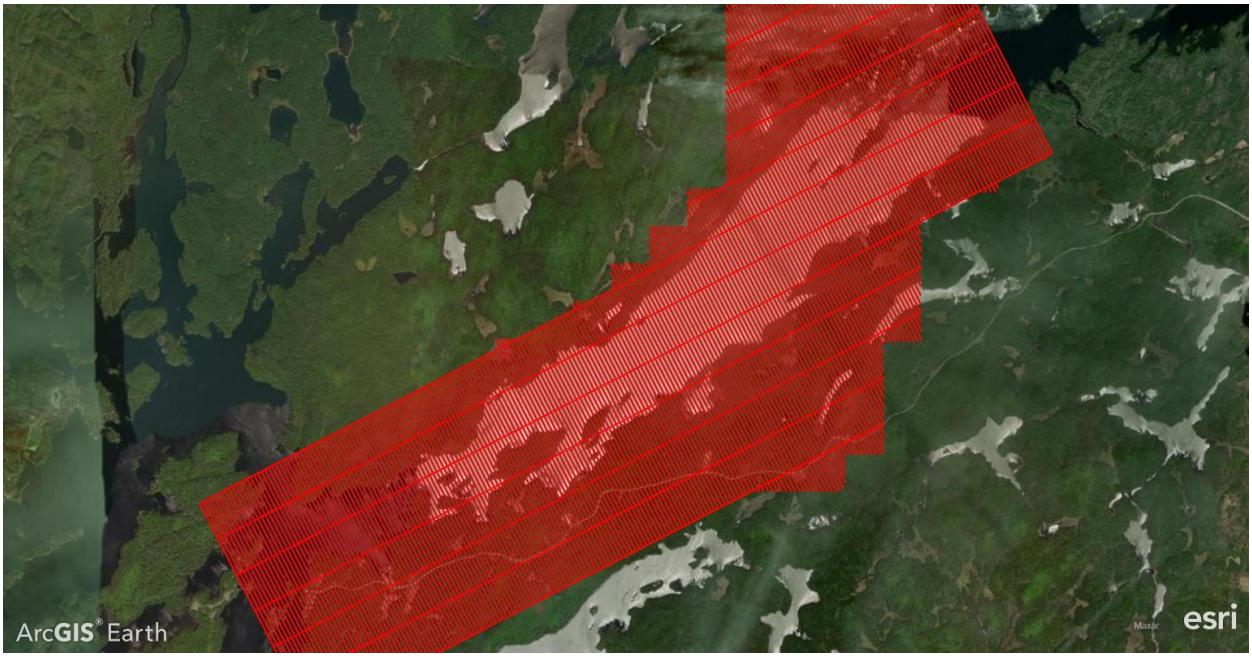
Public Notice

Good Afternoon,

Around the date of September 15, 2022 Dynamic Discovery Geoscience will be conducting an airborne survey over Lake Temagami. A low level helicopter will be flying to capture an Airborne High Resolution Magnetic Survey, in 50 meter spacing flight lines. The area in which the flight will be conducted will be from the East end of Temagami Island along the Northeast arm of Lake Temagami. As well as, from Lake Temagami Landing up the Northeast arm, including Lake Temagami Access Road.

Please view the attached flight lines.



Sincerely,

The Municipality of Temagami
705-569-3421
