## **Notice of Temporary Closures on the Red Squirrel Road**

Due to the need to replace three culverts on the Red Squirrel Road to improve the condition of the road and these water crossings, and to minimize the risk of future washouts, there will be temporary closures of the Red Squirrel Road on the following dates at the locations noted:

- Wednesday, August 7, 2024 - Tyndall Lake at approximately Km 16
- Thursday, August 8, 2024 - Red Squirrel Lake at approximately Km 23
- Friday, August 9, 2024 - Aston Creek at approximately Km 34

While efforts will be made to minimize the disruption of traffic flow, closures of an undetermined length of time will be required each day. Please avoid travelling through these locations on these days. If it is necessary, please be prepared for delays while work crews complete the culvert replacements.

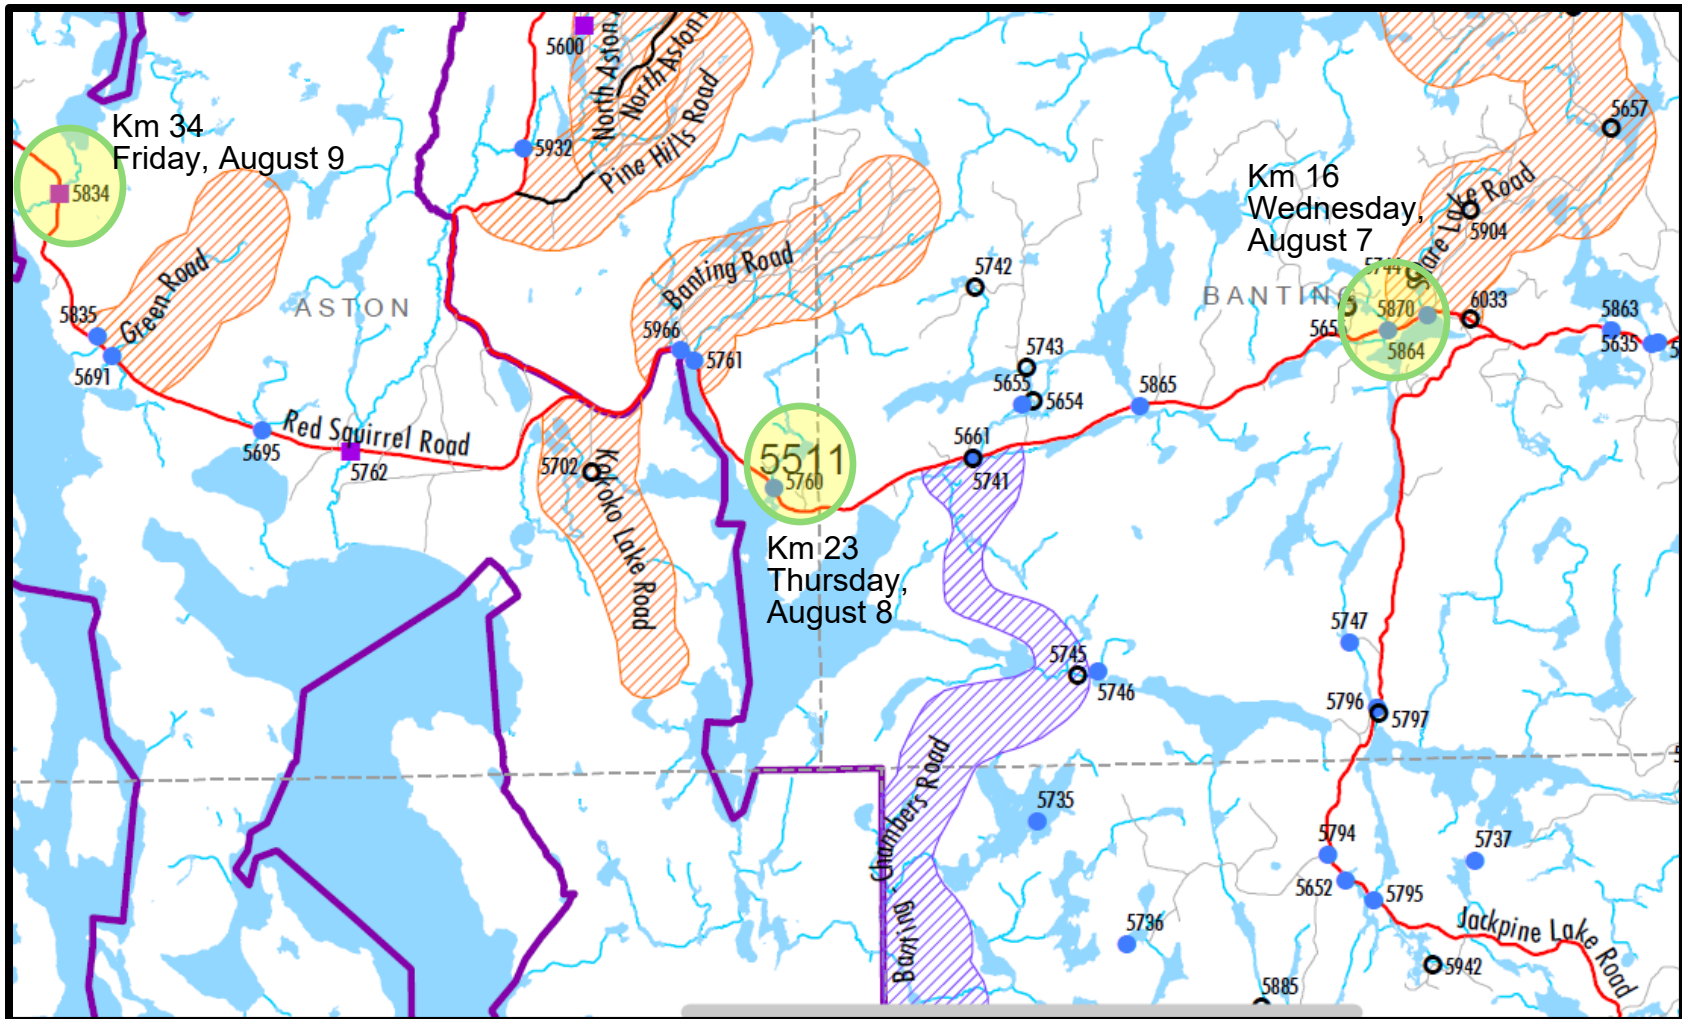

Weather conditions or site conditions might require an alteration to these plans.

For specific information on any one of these culvert replacements, please contact:

Kyle Aird  
Woodlands Manager  
Interfor, Elk Lake (705-678-2110 ext. 222)

If you have other questions or concerns, you may contact Temagami Forest Management Corporation at (705) 622-7844 or [admin@tmcforest.ca](mailto:admin@tmcforest.ca).

Mark Stevens  
General Manager
