

The Municipality of Temagami is currently accepting Expressions of Interest for the 2025 Fire Pump Subsidy Program

This program is **contingent on Budget approval** and is intended to offer a subsidy of \$400 to all residents without fire suppression towards the purchase of a Fire Pump. Fire Pumps provide residents without fire suppression a means of self-protection in case of fire.

10 qualifying Expressions of Interest (EOI) will be accepted on a first come first serve basis as funding is limited. Successful EOI's will have a deadline of 60 days to purchase and provide completed paperwork.

Program information is available on the Municipality's website at www.temagami.ca or residents can call 1-705-569-3421 or email communicate@temagami.ca for additional details.
